Profile

Senior Solution Consultant with eight years at ServiceNow and Salesforce. Work with enterprise customers on ServiceNow architecture and demonstrations, specialising in IT Operations Management and Service Operations. Current focus includes aviation, wealth management and autonomous workforce use cases.

Experience

ServiceNow

Senior Solution Consultant, UAE Mar 2025 to present

Support aviation and wealth management customers, developing ServiceNow use cases and demonstrations for autonomous workforce initiatives. Work includes an airport planned to become the world's largest by passenger capacity and one of the world's largest international airlines.

Proposed and demonstrated a single enterprise front door spanning five independent business units. Structured the architecture across IT, HR, Customer Experience, App Development and Asset Management.

Lead enterprise Executive Briefing Centre sessions across Ireland, the UK, UAE and Singapore.

Senior Solution Consultant, Ireland May 2023 to Mar 2025

Worked with enterprise healthcare, retail and education customers in Ireland. Built tailored ServiceNow demonstrations for executive and senior stakeholders, qualified opportunities with account teams and helped customers improve application adoption.

Advisory Digital Solution Consultant, ITOM Nov 2021 to May 2023

First EMEA Digital Specialist Solution Consultant for IT Operations Management and Service Operations. Supported multi-product opportunities and customer adoption through technical enablement and monthly ITOM webinars.

Salesforce

Solution Engineer, UK & Ireland Sep 2018 to Oct 2021

Led UK & Ireland SMB solution engineering for professional services and the Quip Black Belt programme. Built an integrated platform for weekly webinars and created enablement materials used in EMEA sales onboarding.
